

Classic Mouldings Ltd – Company profile

Classic Mouldings Ltd is a Kenyan based company founded in 1991, managed by expatriates and highly innovative local management. It is renowned for its Artistic approach to Interior Decoration. Our Company provides the highest standards of INTERIOR Construction works and high class finishes.

The main areas are;

1. Fine Interior Walls & Ceilings: - Gypsum Drywall construction which provide Unlimited decorative designs

- Straight & curved walls & suspended ceilings. The quality & finish of our interior WALLS & CEILINGS can only be compared with the Top WESTERN companies that apply the same.

2. Architectural Mouldings: - **Top class range of** Cornices, chair rails, door panels, columns, niches, Domes, and Wall Light appliances, corbels, pilasters, ceiling medallions & More.....

Our large range of architectural Mouldings is installed by our Company to Perfection.

3. Decorative artistic Wall pastes – Terra, Pietra, Anticco, Stucco, Polished Plaster, Spatulata among others:

Decorative Pastes & special paints, which provide Natural textures and unique wall Finishes

4. Wall Covering -

Wide range of wall coverings made of various materials of high quality and decorative designs.

5. Fabrics for Curtains & Upholstery - Unusual collections of high-class fabrics made by “ARTE” & “OMEXCO”.

6. Jerusalem stones –

Interesting range of JERUSALEM STONES for flooring & wall cladding.

This unique new line offers Modern quality finishes
In Biblical & ethnic styles

7. FAKRO Attic/Loft Ladders – This are Foldable pine wood ladders that provide Easy and safe access to your attic/loft. When folded, it is ‘hidden’ in the Ceiling freeing Space inside the room.

8. FAKRO Roof Windows & Skylights – Roof Windows perform many important tasks both in modern architecture and in renovation projects. They enable Old unused Attics to be converted into usable space. Apart from the traditional function of Allowing light & ventilation into a room, Roof Windows also allow a View of the outside surroundings and visually enlarge the attic.

9. FAKRO Breathable Membrane EUROTOP N35- This is an Excellent Material for use as a fully supported or unsupported Roof Underlay on tiled or slated Pitched Roofs. Its high waterproofing properties protect the roof against penetration of water and Leaks. Fakro Membranes Also Have a high Temperature Resistance and can be applied to roofs with metals sheet coverings as well.
